

## GH philosophy

### More than standard

What other brands provide as an extra, Gh gives as standard. This increases the crane performance in the long-term period, the safety and the productivity.

### Quality is our difference

In GH we look for the top quality and the best features making our product more competitive.

### 100% European fabrication

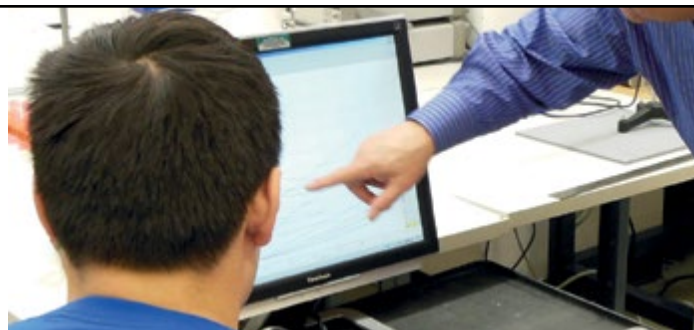

Other brands might be cheaper reducing materials and features.

All our products and components are designed, engineered and manufactured in Europe.

### GH Know-how

More than 50 years of experience in the manufacturing of cranes added to the high quality of our components, involves that we can offer cranes of the maximum quality level.

### Customer satisfaction

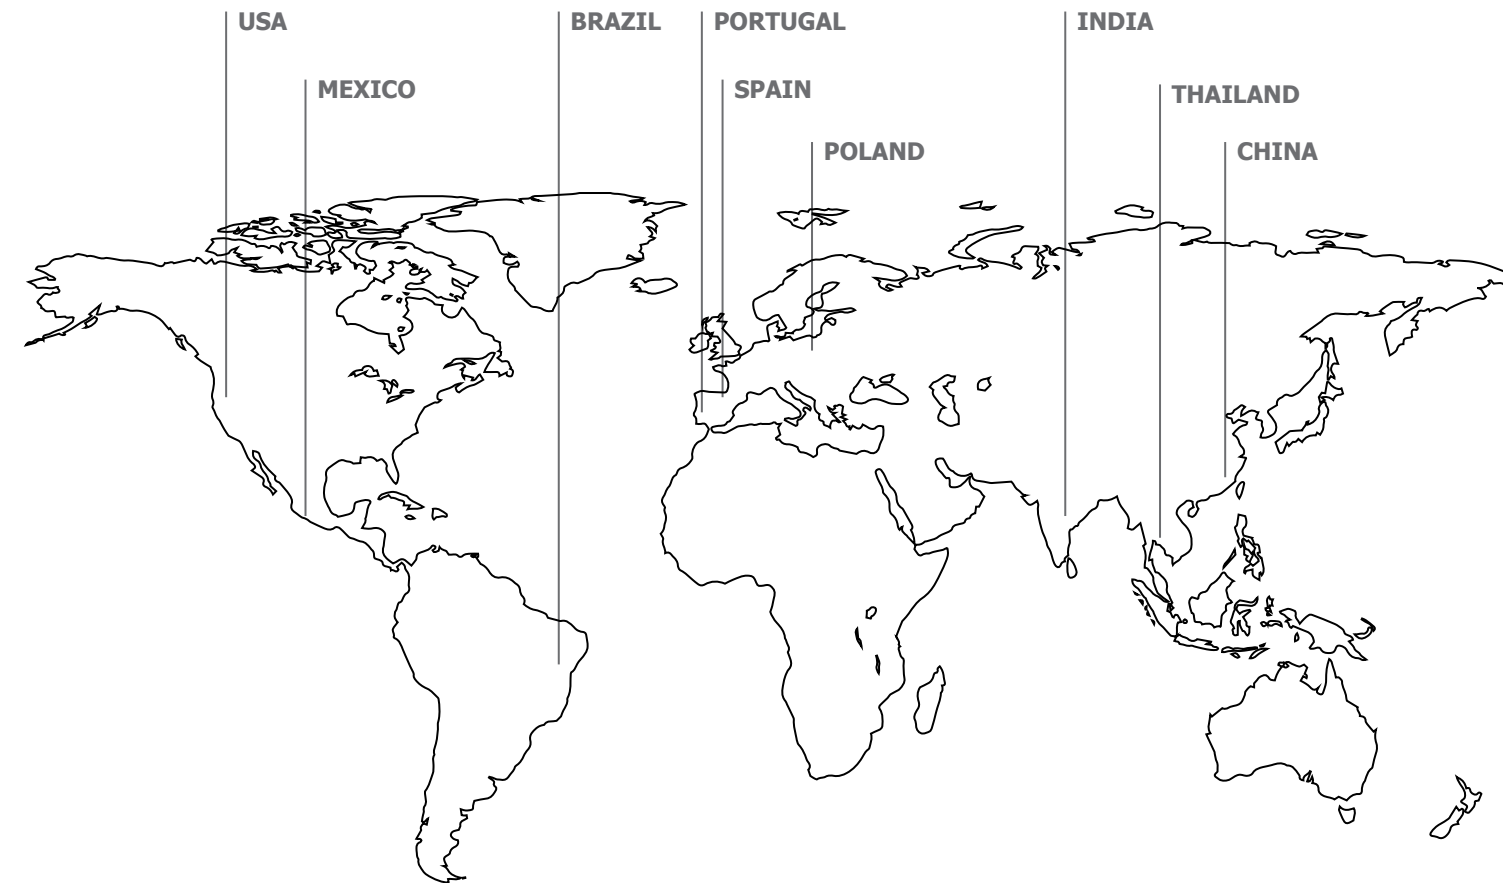

The junction of research, development and innovation, the quality of our products and the service we can offer, obtains the maximum satisfaction for our customers
